ABOUT ME

Motivated and self taught Junior Web Developer, experienced in building and maintaining web applications. Knowledge in HTML, CSS, JavaScript, and PHP, with familiarity in MVC frameworks such as Yii and Laravel. Seeking a dynamic team to leverage my skills and contribute to organizational success. Brings to the table additional soft skills as a social researcher and psychologist

EXPERIENCE

WEB DEVELOPER, SIDE RESPONSABILITY

Juan Marinello Institute. Havana, Cuba | Jan 2017 - Dec 2018
Successfully designed, developed, and maintained the website of the institute scientific journal, enhancing its online visibility and user experience. Optimized the website's visibility and user experience, resulting in increased readership and improved editorial workflow.

WEB DEVELOPER, CONTRACTOR

University of Havana, Cuba | Dec 2016 - Dec 2017
Successfully designed, developed, and maintained two Drupal websites, showcasing my proficiency in Drupal development and customization. Implemented and configured Drupal modules, leveraging their functionality to meet the specific needs and requirements of the respective clients.
